## 3D printing at Isinglass and Thatcham Create

Whilst Isinglass focus on Model Railways, Thatcham Create provides a general CAD and 3D printing service for all reasons.

Hobby, Home, Design and just for fun.

- There's a world of 3D models out there on websites like Thingiverse and Umagine. Send me a link and I'll print them for you.
- Hobby models? Pictures and dimensions are all you need to create the parts you need
- Design? A simple drawing can be converted to CAD and produced to your specification. With frequent feedback..
- Small items for the home, can't find what you need in the shops? Or Maybe a part has broken. We can design and print the solution.

Email [Andy@Thatcham-create.co.uk](mailto:Andy@Thatcham-create.co.uk) or call on 07791 241863 (daytime)

## Isinglass Kits and Components

If you don't see an item listed, call and ask. Small parts can be designed and posted in just a few days.

Design the parts you need, ask for a competitive print quote .

Scale isn't an issue! Once designed, parts/kits can be produced in scales up to 7mm

small parts such as chimneys may be available up to G3.
